Live an experience!  
Live an emotion!

Escape to a beautifully restored 18th-century estate nestled between vineyards and lavender fields, right in the heart of the charming village of Grignan. With unexpected harmonies that break the norms, the designer offers a fresh take on luxury and elegance.

A private house with eight spacious, fully-equipped rooms for up to 15 guests. A professional kitchen for your meals. A jubilant dilemma to resolve between the pool-house bar or the roof-top with its castle view, the swimming pool to the sound of the cicadas, chilling out on the terraces, or the torment of a game of pétanque, table soccer or ping-pong in the basement.

A getaway designed for relaxation and connection, perfect for spending time with friends or family, enhancing a seminar, or graciously hosting gatherings.

Our Conciergerie is at your disposal To brighten your leisure getaway with tourist and cultural activities, adventurous sports, or to suggest a wine tasting or a gastronomic diversion at home, should you wish. It will be your partner to plan the events you feel like having.
